It is with great pleasure to announce that the formal constitution of the Research and Development (R&D) Cell at Ramchandra Chandravansi University, effective immediately. This initiative underscores the University's unwavering commitment to fostering a vibrant research culture, promoting innovation, and contributing meaningfully to the advancement of knowledge and societal progress.

The Committee is empowered to co-opt faculty members or representatives from various colleges and departments, student bodies.

The R&D Cell will serve as a central hub for all research-related activities within the University.

### ToR:

- Promoting and facilitating interdisciplinary and multidisciplinary research initiatives.
- Identifying potential funding opportunities from national and international agencies.
- Assisting faculty members in the preparation and submission of research proposals.
- Providing support for the management and execution of research projects.
- Encouraging the translation of research findings into tangible outcomes, including publications, patents, and innovative solutions.
- Establishing collaborations with industries, research organizations, and other academic institutions.
- Organizing workshops, seminars, and conferences to enhance research skills and knowledge dissemination.
- Monitoring and evaluating the research output and impact of the University.
- Developing and implementing policies and guidelines to promote ethical research practices.

The Chairperson and Coordinator will be responsible for the overall functioning of the R&D Cell and will work closely with faculty members, department heads, and other stakeholders to achieve its objectives.
